

# Project Spotlight

Lil Filmmakers, Inc. is a project that cultivates and empowers youth leaders in digital video production, mass media, and performing arts.

“Our ultimate goal is to move beyond grassroots and I didn’t know how to do that ... That was the missing component.”

“[FNC]’s been really supportive with not just helping to write grants, but [with] building that foundation and infrastructure that we need”

Janine Spruill, Founder

Philadelphia has an abundance of caring, talented young people who are eager to make an impact. Our goal is to connect as many of them as possible to organizations serving the city and its residents.

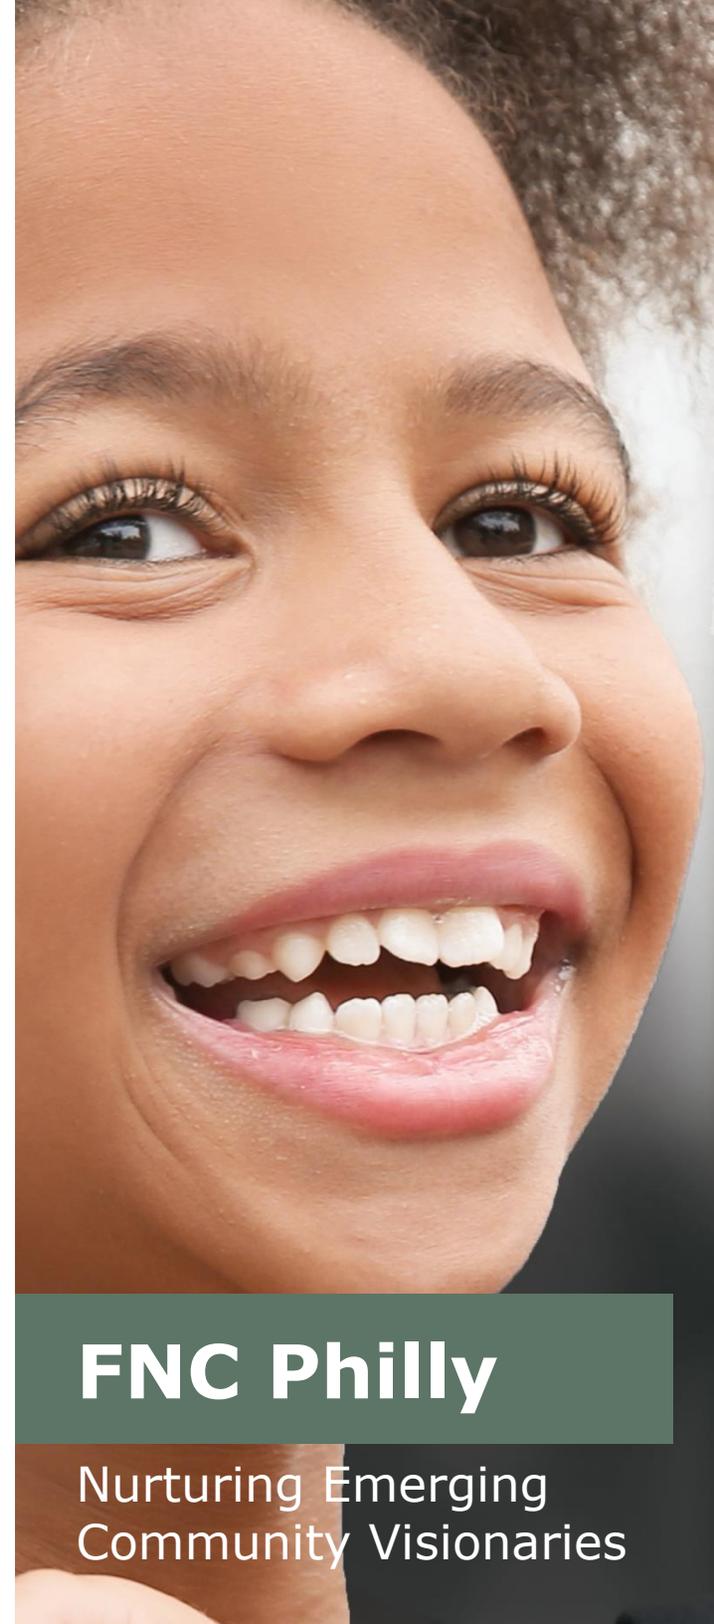

“The FNC model was much better for us because it meant that no matter the size of our budget... they could still service someone our size.”

Joe Buckshon, Founder
